Introduction

The Council is the link that contributes to supporting and activating the role of university students in various programs and academic specializations, by providing supportive environment for their creativity, ideas, community participation, and investing their abilities and capabilities to support and develop various police and security projects and initiatives in Dubai Police.

Who is this guide for?

All Certified university and college students at UAE level and from different nationalities, as well as educational institutions that support this project, in addition to various members of society and those who wish to acquire security, police and community knowledge.

By Minds We Invest Guidance Manual

About By Minds We Invest Project

By minds we invest project is a research challenge launched in cooperation between Dubai Police Universities and Colleges Council and Future Foresight and Decision Support Center. It aims to invest in young minds and encourage them to innovate and develop by offering students from various universities and colleges in the UAE the opportunity to participate in identifying innovative and futuristic solutions to police future challenges through scientific research and reports that would contribute to design a safe and sustainable future in line with future trends of UAE government.

Project Objectives

▶ Provide innovative recommendations that contribute to the development of the security and policing system and support the strategic objectives of Dubai Police

▶ Motivate Students with abilities, capabilities and ideas to launch their creativity

▶ Strengthen research partnership with universities and colleges

▶ Create a supportive research environment that helps decision making

By Minds We Invest Guidance Manual
